

PETITION – Roll back tax cuts for the super-rich, close tax loopholes for out-of-state corporations, use revenues to stop and restore education cuts.

Petition summary and background	The New Mexico Legislature passed tax cuts for the richest New Mexicans and allowed corporations to dodge taxes beginning in 2003. This created a budget deficit. But, lawmakers refused to balance the deficit by rolling back tax cuts for the rich and closing tax loopholes for out-of-state corporations. Instead, lawmakers cut education funding three (3) years in a row.
Action petitioned for	<i>We, the undersigned, are concerned citizens.</i> We demand state lawmakers return to Santa Fe <i>immediately</i> and vote to roll back tax cuts for the richest New Mexicans and close tax loopholes for out-of-state corporations. Lawmakers must vote stop education cuts and restore previous education cuts.
